Declaration and Consent to Treat

Name_____ Date_____

This is to acknowledge that I have been informed and I understand that:

OHIP does not cover Naturopathic services; therefore fees for Naturopathic services and all supplements are the responsibility of the patient, payable in full, at the time of the appointment.

We are required by our licensing board to perform a basic physical examination on each new client. This will be adhered to, unless this office accepts the examination of the referring practitioner who sends a full report and that report has a specific request(i.e.: if your dentist refers you for testing of dental materials, then a written request from the dentist must be forwarded)

With the number of clients we thoroughly interview, assess and treat, timing is crucial. For the convenience of our clients, and for the orderly and efficient operation of our clinic, we endeavor to keep scheduled appointments on time; however, complications and emergencies do arise and in these circumstances, we appreciate your patience and understanding.

1. I have read all the foregoing information and that I understand that the ultimate responsibility for my health is my own.
2. I will be seeing a Naturopathic Doctor not a Medical Doctor
3. The Naturopathic Doctor(s) at the Wellness Clinic work within the Naturopathic scope of practice.
4. Any treatment or advice given to me as a patient of the Naturopathic Wellness Clinic is not mutually exclusive from any treatment or advice that I may receive now, or in the future, from another licensed health care provider.
5. I am at liberty to seek or continue medical care from a physician or surgeon or other health care provider.
6. No employee, agent, or anyone else under the Naturopathic Wellness Clinic's direction or control is suggesting or recommending to me to refrain from seeking or following the advice of another health care provider.
7. The treatment and therapies rendered or recommended by the Naturopathic Wellness Clinic may be different than those usually offered by a medical doctor or other licensed health care provider.
8. I agree to abide by the financial policies as outlined and I accept full responsibility for any fees incurred during care and treatment. I agree to fully discharge this responsibility at the time of the visit unless prior arrangements have been made.
9. I understand that my appointment time is reserved for me and the clinic requires a minimum of 24 hours notice for cancellation or change (72 hours for new patients and special appointments), otherwise I will be billed for the the full fee for missed appointments.

I declare that I have received a full and complete explanation of the treatment of services that I may receive at the Naturopathic Wellness Clinic and hereby authorize consent to treatment.
